Prior to engaging in clinical practice, all LCSWA licensees must submit to the Board, a written description of their Emergency Crisis Plan regardless of practice setting, outlining who the LCSWA will contact in the event they need clinical consultation. This plan should be comprehensive and include a clearly outlined hierarchy of initial contact person(s), where they are located (onsite, offsite, etc.); and emergency backup contact(s) and where they are located, as well as estimated response time for clarification of “immediate access” as required under Title 21, Chapter 63 of the N.C.
