

Administrative changes to social work licensing examinations coming March 2025

In March 2025, ASWB will return to Pearson VUE for administration and development of the social work licensing examinations. During this transition, ASWB will ensure the continued delivery of the very highest quality testing experience to candidates.

The [fees](#), [exam questions](#), and [scoring](#) will remain the same.

There will be a two-week pause in testing between March 16 and March 30 to facilitate the change in testing administration and to allow for the transfer of candidate data from PSI to Pearson VUE.

If you are already scheduled or registered for an exam, ASWB sent an email to the address on file on January 21 with instructions for how to proceed.

If you have not yet registered for an exam and plan to register during this transition period, you can find [more information on the ASWB website](#) about your options and how this transition may affect your testing experience.

If you have questions about this transition, [contact the ASWB Candidate Services Center](#) or call 888.579.3926.

For the latest updates regarding the transition from PSI to Pearson VUE, please refer to [the news page on the ASWB website](#).
